Passionate performer/aspiring creative, an American currently in her final year of drama school in London. With a diverse range of pre-professional experience both in film & stage, throughout her time in university she has gained an immense amount skills within the arts. Recently having been involved in a handful of BFI graduate films - both acting & producing, she aims to further a creative career in film on both sides of the camera, heavily inspired by actor-directors such as Greta Gerwig. She is currently in rehearsals for her final year show to be performed in May 2026
